HAL

**HAL TO ACQUIRE 31.45% IN PRODRIVE
TECHNOLOGIES**

HAL signed an agreement to acquire 31.45% of the shares in Prodrive Technologies Group B.V. (“Prodrive Technologies”). The company is active in the research, development and manufacturing of high-tech electronics, software and mechatronic products and systems. Prodrive Technologies provides solutions for, amongst others, the semiconductor, medical and electric mobility industries. Sales over the financial year ending December 31, 2020, amounted to €279 million. The company is based in Son, the Netherlands, and employs approximately 2,075 FTE.

The completion of the transaction is subject to conditions customary for transactions of this nature, including approval by the relevant competition authorities as well as finalization of the procedures under the Works Council Act.
